

# Fire Pit Regulations

## Dimensions

## Location

## Way to Extinguish

## Spark Cover

## Keep It Small

## Don't Be a Hazard

- **Fuel area dimensions cannot exceed 3 ft. in diameter by 2 ft. in height**
- **Burn only dry, clean, natural materials. NO garbage, plastics, oil or construction waste**
- **Keep open fires at least 25 ft. away from structures or combustible materials**
- **Have a way to extinguish the fire on hand at all times (ie. Shovel, water, extinguisher or garden hose)**
- **To reduce flying embers, ensure fire pits have a spark cover or spark arrestor**
- **Keep the fire small!! You are liable for any damages your fire may cause**
- **Don't allow your fire to become a hazard to yourself or those around you**
